Summary: Liv and Clive are on a case that includes two dead lesbians when Peyton comes interrupting saying she has been scratched by a zombie so the two eat the btrain and that's when things get freaky.

iZombie:Love secrets

One day Liv Moore and Ravi had a case where there was a mysterious death of a horny lesbian

"Do we know what happened to her?" asked Ravi "No, not even a single clue."said Clive all of

a sudden a car drove in and all of a sudden Peyton came running out towards Liv "What are you doing here?"asked Liv "I accidently got scratched by a zombie and I

don't know who it was because I was trying to figure out the Mr. Boss case."Peyton said worrying Liv sighed and she allowed her to come to the morgue with her and

since she technically was a zombie now she shared the brain but not telling her what type of brain it was knowing she'd automatically reject the offer.

Liv made a two course meal for the both of themit was a spicy brain steak, they both ate it and they both realized after eating the brain they had mutual

feeling for each other. Of course Ravi loved the two making out with each other but all of sudden detective Babaneux walked onto

the scene and was shocked and disgusted at this. There was sounds of kissing and moans in the room (coughing) "Huh?!" said liv breaking the kiss

"We need you." said Clive still looking disturbed. "I'll be back sweetie." said Liv to Peyton "Ah, but Honey..." whined Peyton "Don't worry sweetie i'll be back."

Liv said while blowing her a kiss. Liv and Clive then walked out leaving Peyton and Ravi alone, anyways at the office Clive was showing some servalence pictures

from a lesbian strip club showing the two women "These are servalence photos of the two women at the club but in this picture after an hour they don't show again"

said Clive "Yeah, wait are there any camera pictures from outside?" asked Liv "Hmm, hold on." said Clive "Here, see that a blue black car picked them up." said Liv

"But they were outside in a middle of a field wth very little housing and their was no trace of physical contact." said Clive then out of nowhere

Liv stared into space and had a vision of the two at a lake.

"There didn't have to be, I know where to go." said Liv the two then drove to a lake that wasn't too far from the spot the women were found.

"Wow, I'd never guess this a lake." said Clive impressivly "Look foot prints and they aren't the womens it's more like if they were carried

and dumped because look at these marks it looks like they were drug and dropped into the lake." Said Liv

all of a sudden Liv had another vision of two men with the women tossed over there shoulders yelling and screaming and then thrown in the lake.

"They weren't drug into the lake they were tossed..." said Liv "Then what are these marks?" asked clive "Probably the car." said Liv

"Well I will try to gather more clues you go back to your umm honey." said Clive "Okay, thanks." said Liv with a huge teathy smile

She went to the apartment just to find Peyton in a sexy white laced lingerie one-piece "Hey, sexy." Peyton said seductively

Liv's eyes widened at the site and finally sniped out of it "Whoa, you look hot!." Liv said "Well, aren't you going to undress.

Liv then stripped every piece of clothing off including her socks Liv had some perky B sized breast with some light pink nipples

"Ooh, baby you so damn sexy baby." Peyton said seductively "Now it's your turn."

said Liv with a seductive smile. Peyton then took off the lingerie and was completely naked Peyton had a pair of double D breast with some light brown nipples,

Peyton laughed at the sight of seeing that both of their pubic hair

was also white. "Why you laughing?" asked Liv "Look both of us have white pubic hair."

giggled Peyton then Liv started to laugh a little bit but they soon got off of

that and Liv went in for a kiss and they started kissing passionately Peyton then slipped her tongue into Liv's mouth to explore her warm wet mouth

, Liv then battled with her tongue for dominance of her mouth. There were moans filling the room.

Liv then broke the kiss and started kissing down her until she reached her breast and she sucked on her left nipple while pinching and twisting the other one

.

This made Peyton moan, Peyton took one of her hands and reached under Liv and started rubbing and fingering her pussy making Liv moan while she was still sucking

Peyton's nipples they then stopped and kissed again "Stand up!" Peyton demanded so Liv did "Lay on the floor!" demanded Peyton so Liv did. Peyton

knelt down and started to kiss and suck on Liv's perky nipples which made Liv moan she then licked her way down body and licked her

belly button which made her faintly laugh. Peyton then got to her pale white slim legs and kissed up til she got to her foot, she licked

the sole of her feet and sucked every one of her pale toes "Stop teasing just go for it already!" said Liv

Peyton gladly did what she wanted so she went to her pussy and took in her intoxicating scent this drove her wildly crazy she then started to lick and

slurp up her pussy. "Y-y-yesss oh yes!" Liv moaned out loud Peyton then stuck three fingers into her and pumped them in and out of her she got

faster and faster each thrust. "OH! Yaaaaaassss fuck me i'm sooooo close!Keep going, yesss!"Moaned Liv the loudest she could Peyton could feel her tightening

so Peyton latched her mouth back onto Liv "AAAAAAHHHHH FUUUUUUCK I'M GOING TO CLUB!"screamed Liv. Liv then cummed all over Peyton's fingers and into her mouth

Peyton swallowed the cum in her mouth and stuck her fingers that had the cum on them into Liv's mouth "You're so sweet baby."

Peyton said with cum dripping from her lips. "I know...it's my turn now." Liv said. Liv pushed Peyton down and licked down her body licking her belly button just

as she had done to her then took her kinky boots off and her stocking leaving her legs and feet bare, she licked up her

leg til she got to her feet just like she had done with her also she took her feet and licked the soles of er feet and sucked every pale toe just as she had done

with her. Instead of licking and fingering her pussy she had stuck her foot in her pussy "Ah, Shiiit yesss!" Peyton grunted Liv noticed she loved the

pain that she had given to her by putting her foot in her pussy this turned her on she started foot fucking her and there were grunts and moans filling the

room.

"OH, FUCK LIV I'M GONNA CUUUUM ALL OVER YOUR FOOT!" she screamed she then cummed all over her foot she had her

taste herself off her foot as she lapped her cumm off her pussy. they both had the same idea they got in the 69 position Liv was on the bottom fingering

Peyton's ass hole and licking her pussy while Peyton fingered and licked Liv's pussy they maade grunts and moans into each other gthey kept this up til they

both burst out onto each other once again. They were so exhausted that they just lied there on the floor cuddled up together.

"You know this brain will fade away tomorrow right?" said Liv " I know but honestly I don't care." said Peyton

"What, why not? Won't you regret this?" asked liv curiously "Honestly no and that's not the brain talking...I've always had a thing for you." said Peyton

with a smile on her face "What...but we're just friends?" said Liv "The only reason that I'm your friend is so that i can be around you more." said Peyton

"Wh-wh-what, you sure that's not your brain talking?" asked Liv "I'm sure also when you turn around to talk to someone I enjoy looking at your big fat juicy ass!"

said Peyton excitedly Liv's eye's widened as she was saying this she couldn't believe that her friend was saying these things about her.

"and when you're talking to me I really never am looking at you I'm looking at those big breast of yours.

After all the talk they had passed out and woke up to Major and Ravi looking down at them. "Ummm...Liv uhhh Clive wants you." Ravi said in a awkward voice

"Huh...oh oh okay" Liv said still drained "What happened here?" asked Major "Lesbian brain fucking horny lesbian brain that's what happened!" Liv said upset

"Hey hey hey what's wrong?" asked Major "Peyton, she says she has loved me all this time and that it wasn't the brain talking...so i'm still soooo confused."

Liv said "Ummmm...uhhhh...about that."said Major and Ravi said together "Wait, you two knew about this?!"Liv said loud enough to wake

Peyton wiping her eyes just to see a naked Liv talking to Major and Ravi. "Hey, what's going on?" Peyton said Liv turned around slowly and looked at peyton

"So, you were telling me the truth." said Liv "I told you it wasn't the brain...but when you got with Major it upset me and that's why I considered

myself your friend." said Peyton looking down sadly Liv then went over to her and hugged her still naked both of them and they kissed goodbye since Liv

had to finish the kiss. Liv got dressed and went to the station "where have you been it's been two-hours...anyways we think we know who did it." said clive

"who do you think it is.?" asked Liv Clive showed two pictures of the two zombies she knew they both worked for Blaine "Their names are Cheif and Donn'E."

said Clive Liv kept staring at the pictures "are you ok, are you having one of your visions?"asked Clive "No, it's just I know these two, they both worked for

Blaine and Scott'E is Donn'E's brother who was in that place with Major."said Liv "Really, hmmm ok well hopefully we can get some answers out of them."

said Clive "Yeah, I guess."said liv in a low voice "Is something wrong?"said Clive worried for Liv "Huh what no no it's nothing...hey I've gotta go

hope the case goes well."said Liv in a hurry.
